1. Click one of the links to the "college bookstore" on this page.
2. In the page that opens you will see a dropdown box which says "Select A Campus Term ..."
3. Click that box and select the term for the Harry Van Andsdale.
4. Click "Go". You will be taken to the Book Search page.
5. In the box on the left find your course and click on it.
6. After a few moments you will see "click here" in the middle box.
7. Click on that link and after a few moments a list of the books for the course will be presented.

Note: Depending on your internet connection, it could take a little time for the information to load. Please be patient.

Go to [college bookstore](http://www.esc.edu/hvacbooks)

You might find used copy at other online bookstores.

If you want to look for a used copy, the easiest way is to link to one of the online bookstores and enter the book's ISBN number in the Keyword or Search field. The ISBN number identifies the exact edition of the book and makes it easy to find. To get the ISBN numbers for your books, first find them in the college bookstore as described above and print out the page with the book information. You will find the ISBN number listed for each book.

Here are some links you can try (some of these sites list both new and used books):
