Greetings:

Now that you are all experts on getting to the SharePoint site, we have created this tutorial on how to use the FAQ site.

**PART II: Using the FAQ site**

Let’s jump right in!

1) It is recommended that you are looking at the FAQ site as you read through this tutorial. If you do not know how to access the FAQ site. Please review the How to get to SharePoint Part I tutorial. First, let’s look at the left hand side of the FAQ home page. There are some quick links that will assist you with your search.

   ![Quick Links Image]

   Here is where you can easily browse through the FAQs.

   Home
   Browse all FAQs
   View my submitted questions
   Recycle Bin

   ![Quick Links Image]

   Here is where you can see the question you have submitted.

2) If you have a specific question/topic, you can search the site. This is located in the upper right hand corner.

   ![Search Bar Image]

   Type your topic or question right in here.

   Search the FAQs
3) If you cannot find your question, please submit a question to the FAQ team. We are happy to find the answer to your question and it could be added to our FAQ repository. The question form is located in the bottom right of the FAQ home page. Below is a screenshot of the form. Instructions on how to fill this out are included within the screenshot.

**Instructions:**
- You can ask a short question in the box above or include a question title. This is not for more detailed questions that need more space.
- If you know the department, select in the above box. The arrow will give a selection.
- If you have a longer question, please write this in the larger dialog box. You can write much more than the 225 characters.
- Click in the box for yes.
- Sometimes, it is helpful to let your supervisor know. This will educate both them and you. This is definitely not required.
- If you want to include your supervisor’s name, this goes here.
- Sometimes, people are shy and do not want to ask a question for themselves. They will ask a colleague to do this for them. However, they do want the answer delivered to them. This was created just for that type of individual. We want everyone to feel welcome to submit a question.

To make sure that your question is asked, don’t forget to click “submit!”
4) Here is a rundown of what else the FAQ has to offer. There are links underneath the explanation paragraph. In the screen shot below, you will see the list of links to the left, organization charts in the center and the question form to the right.

Submitted questions will be reviewed and directed to the appropriate office(s) and a response will be posted. Questions that are asked frequently will be added to this FAQ.
